## ARRESTED FOR BEGGING

### A Fakir Gets a Maysville Boy Into Trouble in Ohio

Some two weeks ago a man representing himself as a traveling salesman appeared at the home of Mrs. Frank Workman, who lives in Second street between Limestone and Bridge streets, and by plausible stories persuaded the mother to give consent to her twelve-year-old son accompanying him on the road to assist in distributing his advertising literature.

The man promised a fatherly care of the boy, looking after his health and comfort, and besides was to send the mother \$10 per month for his services. On the surface everything looked honorable and fair and the woman agreed to the proposition.

The man and boy left this city over ten days ago, and the first news she received of the whereabouts of her son was through Chief Donovan, who received a letter from the Chief of Police at Bucyrus, O., stating that he had a boy in his charge named Charles Millard, aged 12 years, who gave this city as his home. He was arrested for begging.

The letter stated that the man had the boy made up in such a manner as to appeal to the sympathy of the charitable, and then sent him forth begging. The stranger followed at a safe distance in the rear and at intervals would halt the boy and relieve him of the proceeds of his begging.

The youth was arrested but the man escaped. He is held on a vagrancy charge and was to have had a hearing yesterday before the Probate Judge.

Notwithstanding the boy's mother, Mrs. Frank Workman, has sent sufficient money to the authorities to pay his fare to Maysville, it is not unlikely that, acting for the best interest of the child, they will send him to the Boy's Industrial School at Lancaster, O. The boy is said to be bright and honest, and if sent to the Industrial will develop into a good man. If sent back here his prospects for becoming a loafer are first-class.

The people of the United States eat \$150,000,000 worth of candy in a year, and there are nearly 5,000 factories making it, with a capital of \$38,000,000.

## "UP AGAINST IT!"

### How a Green Goods Artist Swooped Down on Uncle Ike

It is not often that Grandpa I. M. Lane turns down a proposition that promises to return 200 per cent. on the investment, but he indignantly refused to listen to a proposition of that character he received in his mail yesterday morning.

It was a seductive circular in which great riches were promised in a short space of time.

In part the smooth gentleman wrote:

"The fact is, an investment of \$500 will give you an immediate return that a life-time of toil will not do; this without injury to your friends."

He then appoints a place for a meeting where he hopes—and generally does—gold brick his victim.

If the fellow only knew Grandpa Lane he would be the last one he would pick for a sucker and a shover of the queer.

Mrs. George Sibley, McClure, Ohio, R. F. D. No. 1, says: "I was so nervous and broken down that I could not do my work. I doctored with two of our home doctors, and they said I had heart trouble. I had spells with my heart when it would beat so hard and then I would faint away. I received a sample bottle of Zoa Phora, which I took according to directions, and I thought it was just what I needed, so I threw the doctor's medicine away and got a large bottle of Zoa Phora. It helped me so much that I bought two more bottles, and now I am well and strong. I do not have the spells with my heart since I took Zoa Phora and I am regular now, where before I took Zoa Phora I was very irregular and had severe pain at monthly periods. I have found it to be truly a 'Woman's Friend'."

"If anyone calls in person or writes to me, I will give them the particulars in my case. I hope this will help induce some suffering woman to try Zoa Phora."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Penzley's Advice to Women." The doctor will gladly give free medical advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

### READ IT THROUGH.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "older true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by J. Jas. Wood & Son.
